

7" POE, Wall-Mount Touch Screen

Elegance and ease of use are at your fingertips with the Control4® 7" POE, Wall Mount Touch Screen. This bright, easy-to-read touch screen provides control over all aspects of your home-automation system. Control your lights, access Internet music, check the camera in the play room or start a movie using this single, elegant interface.

This Wall-Mount Touch Screen, sets a new standard in touch-screen technology, with rich color graphics, an easy-to-navigate interface and superior performance, in this cost effective solution. It's all part of the Control4 vision. We bring the benefits of a truly automated home to more people with solutions that are affordable, easy to install and designed to adapt to any home or lifestyle.

Features and Benefits

Smart Design

- **Large viewing area** — Wide screen 16x9 format WVGA screen, over 3.5 times the viewing/touch screen area of the Mini Touch Screen.
- **Streamlined design** — Sleek design with easy-to-use navigation and four custom programmable hot keys.

Powerful User Interface

- **Familiar navigation** — Provides the same style and menus of other Control4 interfaces.
- **Easy to use** — Dynamic color graphics featuring tabs and icons for simple touch access to intelligent technology.
- **Customized control** — Four programmable buttons allow customized, quick access to common or critical functionality and lighting scenes.

Easy To Install

- **Power over Ethernet capability** — Ethernet version uses low voltage wiring and eliminates the need for an electrician during installation.
- **Flexible power configurations** — 120 VAC installation power supply included standard Ethernet installation.

*Start your favorite music in the bedroom while dimming the lights downstairs. **Adjust** the house temperature and **select** a lighting scene for your party just as the guests arrive.*
